# 2<sup>nd</sup> MUMBAI REDEVELOPMENT SUMMIT 2025

*Reimagining Mumbai's Skyline: Business  
Opportunities in Urban Regeneration*

**17<sup>th</sup> December 2025**  
Courtyard by Marriott, Mumbai, India

## Redevelopment: The New Frontier for Growth

Mumbai is witnessing a seismic shift in its urban fabric. With over **70% of land under MCGM already built-up and high-density ageing housing stock**, redevelopment is emerging as the most viable solution to unlock economic and real estate potential in the city.

**“As infrastructure expands and regulations evolve, redevelopment is no longer just a necessity — it’s an engine for business growth.”**

In recent years, the Mumbai redevelopment landscape has seen marquee projects such as the **Dharavi Redevelopment Project**, where **Adani’s JV (Navbharat Mega Developers)** is slated to develop nearly **108.99 hectares** with around **43% of land freed for market sale**, and in Goregaon (W), the **Motilal Nagar redevelopment** agreement was inked with **Adani Group** for a 142 acre site to rehabilitate ~3,700 residents and deliver modern housing under a C&D model. Meanwhile, listed developer **Sunteck Realty** secured rights for a **₹1,100-crore redevelopment project in Andheri East** (2.5 acres), and **Puravankara** is leading the redevelopment of a society in Mumbai’s Pali Hill with an estimated GDV of **₹2,000 crore**. These are in addition to 910 housing societies across MCGM that have already signed development agreements, unlocking ~326.8 acres — projects expected to deliver over **44,200 new homes worth ₹1.3 lakh crore** by 2030 (per Knight Frank India).

### Key Market Insights

- Over **910 projects** initiated since 2020, unlocking **₹1.3 trillion** in real estate value
- Estimated **44,000+ housing units** in pipeline via redevelopment
- Regulations like **DCPR 2034 and 33(5/7/9/11)** enabling larger scale and faster approvals
- **Cluster development, cessed building policy, and TOD incentives** gaining traction

## MUMBAI REDEVELOPMENT SUMMIT 2025

### Why This Summit Matters

- Navigate Mumbai's evolving **regulatory and financial landscape**
- Connect with **decision-makers shaping the built environment**
- Gain **insights from experts** on redevelopment trends and models
- Discover **redevelopment hotspots** across Mumbai's prime zones

### Business-Focused Sessions

- Unlocking FSIs and Financing for Large-Scale Projects
- Cluster Development Economics: Aggregation to Execution
- Legal Structuring and Risk Management in Redevelopment
- Bridging Finance for Stalled Projects
- Case Studies: Scaling Self-Redevelopment with Institutional Backing
- Civic Coordination and Project Clearance Frameworks

### Who Should Attend

- Real estate developers and builders
- Urban planners and architects
- Construction and PMC firms
- Investors, private equity, NBFCs, banks
- Real estate lawyers and legal consultants
- Officials from planning and housing authorities

### Special Features

- **Developer Showcase Zone**
- **Investor Roundtables** on funding strategies and JV structures

## Past Esteemed Speakers

**SVR Srinivas**  
CEO, Dharavi  
Redevelopment Project

**Abhay Purohit**  
President,  
Council of Architecture

**Amit Goenka**  
Chairman & MD,  
NISUS Finance
